Bobby Harrell

I am a Senior Mobile Engineer with over 15 years of development and design experience. I am an extremely strong Xamarin developer, full stack developer and have a passion for UI and UX. I am looking for a opportunity that not only allows me to continue to grow in my career, strengthen my skills, and produce meaningful content, but also allows me to work on newer technologies while adding long-term value to the organization..

Education

Liberty University Online

Online
2022

Bachelor of Fine Arts and Graphic Design/ Bachelor in Video Game Design

I have started back to school, dual enrolled, for a degree in Graphic Design and a degree in Video Game Design. I have completed 1 semester. I plan to go back for my Masters in Fine Art and Graphic Design once I complete my Bachelors.
